County Attorney Speaks Out

Marion Atkinson, County Attorney, has a letter in this issue of The Times calling upon the citizens of the county to aid the officers of the county in suppressing the illegal liquor traffic complained of first to superior officers. His letter is well taken and should be read and heeded by every law abiding citizen of the county. Co-operation of citizens and officers will break up the alleged illegal manufacture and sale of red-eye in Powell. The people have spoken in strong terms, "we want no more booze making and selling." Through this letter the officers have pledged the enforcement of the law. Now, Mr. Citizens, get busy and round the violators up before the courts of justice, and let's have a law abiding county in this particular. And from this time on try writing the local authorities your complaints, and give them a chance at the violators. Let's find out and tell them who they are.

Thrift Day

January 17 has been designated as Thrift Day. The Young Men's Christian Association is the promoter of the movement, supported by the Treasury Department of the United States, and further encouraged by proclamation of Gov. Morrow. The day marks the birth of Benjamin Franklin, who by precept and example became America's Apostle of thrift. It is a good movement and should be pushed along.

Lyceum Course Meets

Saturday Night.

The second installment of the Redpath Lyceum course will appear here Saturday night, January 15. This entertainment promises to be up to the usual height of the Redpath entertainments. A large crowd should meet the "Cosmopolitan Trio" at the school house Saturday night and help to keep the good things coming our way.

Persistent Road Work

Work on the Powell Clark county road progresses every day it is possible to work. It is most certain we will soon have an automobile outlet to the world. Frank Phelps, Superintendent of the job, and his valuable assistant, Taulbee Mountz, are indeed faithful hands on the job, and they deserve much credit for the splendid work being put over.

County Has Trial Friday

The trial of Williams & Pitzer vs. Powell county, an action brought in the Federal court at Lexington, will come up for trial in Lexington Friday, unless another "put off" is had by the contractors. Several witnesses from this county will go down and attend the trial.

Dr. Martin reports the birth of a son January 5th to Mr. and Mrs. Marion Curtis, Jr., of Snow Creek.—Ernest Lee.

Stockholders' Meeting

The stockholders of the Clay City National Bank met in the offices of the bank Tuesday and re-elected the old board of directors. The directors meeting following made some changes in the election of officers.

James B. Hall retired as President of the bank, being succeeded by A. T. Whitt, who has been Cashier for the past sixteen years. M. H. Courtney was elected Vice-President; Harry L. Russell was elected Cashier; Eugene E. Freeman, Assistant Cashier.

The promotion of Mr. Russell to the position of Cashier is a mark of credit to this splendid young man, who has worked himself up to this position by diligent application to the affairs of the bank since his connection with this institution, which began when but a lad.

The Times predicts a successful continuation of the bank's business under his guidance. Mr. Whitt will remain actively with the bank while serving as President.

Tobacco Market Failure

The tobacco market seems to be a complete failure, and the warehouses have closed up. Boiled down it is the case of the farmer over doing the thing as he always does. Tobacco has been high for a number of years. This has prompted the farmer to produce a huge surplus. When the farmers learn that large crops bring in less money always than small ones, and then curtails production, he will be successful, and not until.

S. G. Baker Sells Farm

While here last week from Akron, Ohio, S. G. Baker sold his farm on Hardwick's creek to Everett Mofield, of Middletown, Ohio. Mr. Mofield will not move to the place at this time, but doubtless has in mind to do so at some later date, this farm being in the vicinity of where Mr. Mofield was born and reared. The farm sold brought \$4,500.

Vicious Horse kills Another

J. B. Eaton had a splendid saddle mare to be kicked Tuesday by a vicious horse he had recently traded for. The mare had a leg broken from the kick and had to be killed. Mr. Eaton made quick work of disposing of the horse the day it killed his favorite mare.

Factories Closing Down

Word from Powell county people living in the hitherto flourishing Ohio cities, writes back from there that factory after factory is shutting down on account of the dawning panic, or rather the appearance of a panic which level heads say will clear up in a few months.

More Shale Land Sells

John P. Ringo sold last week about 7 acres of shale land to Muncie, Ind., parties for a very satisfactory sum.

Shale Men at Work

That heavy blasting you've been hearing about town is the shale people blasting rock out of the road leading to their plant across the river. They make us believe the shale business is a go, however skeptical we may be inclined. There are still hopes and doubts in our mind as to the final result of this shale promotion. The figures, look good, and true enough, figures don't lie, but still we are skeptical. We can not understand why these figures furnished the public fail to attract men of money and means who are always on the lookout for the money making things of the land.

Opens New Business

Frank Margison has opened up a nice business here. He starts out by paying cash for what he buys and selling his wares for cash. He will buy all the chickens and eggs you can find on the place and pay you cash. Then he is ready to sell you, if you wish to buy, any thing in Hardware Groceries, Fence &c. It's the cash deals that make and save you money. Read his advertisement in this issue of the Times, and give his place of business a call.

Clay City Chautauqua

Mrs. Ruddles, of Louisville, representing the Southern chautauqua was here last week and secured a contract from twenty people of the town to put on a chautauqua in Clay City some time late in the summer. The chautauqua will be here for five days, giving two entertainments daily while here. This should be quite an attractive event for Clay City and result in much good for the town.

Fair Declares Dividend

The Montgomery County Fair declared a 25 per cent dividend the first of the year. This speaks well for Montgomery as but few other counties can make ends meet on a fair. The State fair even receives thousands in appropriations from the state and yet 'tis hard for it to come out even.

Mrs. Blackburn Improving

Mrs. J. B. Blackburn, who has been quite ill in Florida, is improving so as to be able to return to Kentucky. This news will be gladly received by her many Powell county friends.

New Laundry Agency

The Lexington Laundry has secured Frank Margison to represent them in this city. So when you want laundry of any kind take it around to Frank's store and he will dispatch it promptly for you.

Delivers Ford Machine

Joe Mountz sold and delivered to Mark Potts a new Ford touring car Saturday. Mr. Potts is getting ready for spring touring.

SUBSCRIPTION RATE,
ONE DOLLAR PER YEAR.

The signing of contract for chautauqua for Clay City next summer is a decided forward step. Chautauquas are uplifting as well as entertaining; instructive as well as business getters for the people. The expense is very moderate. All people need entertainment as well as labors, and when that entertainment is uplifting it is commendable, but when degrading it is reprehensible. Chautauquas are our class of entertainments because they stimulate more enjoyment. Our chautauqua next summer will be supported by our best people, including good church members and ministers of the Gospel. It should be encouraged by all the good people of the town and this end of the county. It is one place you can attend without reflection of immorality or degradation. Let's begin now, in mind and determination, to make the event a success.

One of the things that is hard for the Times to understand is why the authorities in charge of the Government's finance will encourage individuals to save their money by loaning it to the Government at interest. Sauce for the goose should be sauce for the gander. If individuals should save and loan (and we think they should) we see no reason why the Government shouldn't try the lesson they teach.

The city Government of Louisville is charged with paying a printing bill of \$1,400.00 more to a certain concern than other concerns asked for the same printing because the concern getting the job was agreeable in politics to the administration. This is what you may call political graft, the like of which is responsible for high taxes.

Sometimes it is through dirty politics a party makes a clean sweep.

How you love Hi Cost when you sell and hate him when you buy.

The slander that starts in a whisper soon gets to a shout.

Local Officers Seek Co-operation Of Citizens

Stanton, Ky.
January 5th, 1921.

J. E. Burgher,
Editor Clay City Times,
Clay City, Kentucky.

Dear Sir:

Having read the newspapers' accounts of the recent Convention held at Louisville by the Circuit Judges, and the Convention of the Commonwealth Attorneys of the state immediately following it, I could not help but feel that an injustice had been done the peace officers of the various counties in the state. Therefore I am addressing this letter to you in hope that you will give the ideas herein to the people of the county through the columns of your excellent little paper.

Before the Circuit Judges Convention an address was delivered by Governor Morrow, in which he declared (not that a crime wave in general) but violations of the Prohibition Laws were running rampant over the state destroying schools, churches, etc.; that he was receiving numerous letters from persons in all parts of the state in each day's mail, telling of such open and flagrant violations of liquor laws, that it would seem to imply that such violations were not receiving the attention of local authorities in the different counties. Some such letters have been written from this county to Governor Morrow, our Circuit Judge and Commonwealth Attorney by persons who have never made complaint to the local authorities of such violations, neither before nor since they took the matter up with the men mentioned. These complaints should properly have been made to home authorities first.

No law, no matter how desirable and wise, is very effective unless it has the whole and united support of the officers and citizens working in co-operation behind it to see it enforced. No law can be enforced by the officers alone when persons knowing of its violation refuse or fail to make complaint to the proper authorities of such violation and disclose the name of the transgressor, just as no law can be enforced by the people of any community alone if the officers refuse or fail to enforce such laws when complaint on oath has been made of their violations. I can and do say that no such letters as our Governor says have reached his hands have ever been addressed to the officers of this county disclosing the name of any person violating the prohibition laws, therefore I think it unjust to the Peace Officers of Powell County, at least, that such complaints should be sent to Governor Morrow, Judge Shackelford and others before they were called to the attention of local authorities.

I have talked with the County Judge and all the magistrates except one (whom I have not seen) who assures me that they will hold a court of Inquiry and summons any witnesses before it and require them to testify on oath regarding violation of Prohibition laws whenever any reputable person requests them to do so and furnishes them with the names of witnesses who may know of such violations.

By the laws of Kentucky, it is unlawful to manufacture, sell, barter, give away, or keep for sale or transport spirituous vinous, malt or intoxicating liquor

ten for any purpose other than to secure the co-operation of the good citizens of Powell County with the local officers for the suppression of the liquor traffic, which can be done immediately and effectually by the sincere and earnest co-operation on the part of all. Officers must have proof to apprehend and convict the lawbreaker. The citizens of the county should feel interest enough in their government to report whatever knowledge they have in this matter. I will assure the citizens of the county that the officers, all of them, will do all in their power to convict a

man when any person appears who is ready or can be made testify to facts.

Yours truly,
Marion Atkinson.

THE "OLD RELIABLE"

THEDFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come
and Go But The "Old Reliable" Thedford's Black-Draught
Came and Stayed.

Dutton, Ala.—In recommending Thed-
ford's Black-Draught to her friends and
neighbors here, Mrs. T. F. Parks, a well-
known Jackson County lady, said: "I am
getting up in years; my head is pretty
white. I have seen medicines and reme-
dies come and go but the old reliable
came and stayed. I am talking of Black-
Draught, a liver medicine we have used
for years—one that can be depended up-
on and one that will do the work.

"Black-Draught will relieve indigestion
and constipation if taken right, and I know
for I tried it. It is the best thing I have
ever found for the full, uncomfortable

feeling after meals. Sour stomach and
sick headache can be relieved by taking
Black-Draught. It aids digestion, also
assists the liver in throwing off impuri-
ties. I am glad to recommend Black-
Draught, and do, to my friends and
neighbors."

Thedford's Black-Draught is a stand-
ard household remedy with a record of
over seventy years of successful use.
Every one occasionally needs something
to help cleanse the system of impurities.
Try Black-Draught. Insist upon Thed-
ford's, the genuine.

YOU NEED PEPTO-MANGAN

Rich, Red Blood Will Strengthen You and Put You on Your Feet—Able to Resist Colds

Your system normally healthy
should never catch cold. Your
body is adjusted to take care of
sudden changes in the weather.

It is when you are run down
and your vitality is low that your
body cannot adjust itself. Then
you take cold.

If you keep your blood in good
condition, with plenty of red cor-
puscles, you will be strong and
your body will easily adjust it-
self to sudden changes. You will
throw off the cold germs that go
flying into the air when someone
with a cold sneezes.

Red-blooded men, women and
children eat well. They have
plenty of energy. They go along
with a smile because they feel
right.

Try Pepto-Mangan, the suc-
cessful tonic. It is a wonderful
blood builder. Take it for awhile
till you feel right.

Pepto-Mangan is widely and
heartily endorsed by physicians.
It is effective and easy to take.
It is prepared in both liquid and
tablet form. The medicinal
properties are the same.

Sold at any drug store. But
be sure you get the genuine Pep-
to-Mangan—"Gude's." Ask for
it by name, and be sure the full
name "Gude's Pepto-Mangan,"
